

- **Review Algorithms**

```
public class Something {  
    public static void main(String[] args) {  
        System.out.println("my name is Tariq ");  
        System.out.println("Uny ID 202511528");  
        System.out.print("I study networks and  
        cybersecurity");  
    }  
}
```
